Experiential Learning for Arts and Science (ELAS)

ELAS is an exclusive partnership between Student Development and Services, the North Bay & District Chamber of Commerce and the Faculty of Arts and Science focused on preparing students for the workforce through hands-on learning experiences and professional skills development.

Co-ops, Placements, and Internships

In many programs, experiential learning opportunities are built right into the curriculum in the form of placements, volunteer opportunities, professional internships, co-ops and practicums. Through these experiences, students develop competencies in communication, critical thinking, collaboration, problem solving and leadership that help pave the way for future success.

Biidaaban Community Service-Learning (BCSL)

BCSL is a unique experiential learning program that allows students to volunteer within community organizations for course credit through project-based learning or placements. Students can also support Indigenous children and youth through the Biidaaban Youth Group and Biidaaban Academic Support programs. Participants receive training from Elders, Indigenous knowledge holders, faculty, educators and community members prior to their placements.

Biidaaban is an Anishnaabe word meaning "the point at which the light touches the earth at the break of dawn."
